### Technical Specifications

- **Purpose of the control device**: Function controller
- **Construction of the control device**: Built-in electronic device
- **Environmental conditions**: Back, self-extinguishing
- **Category of heat and fire resistance**: D
- **Maximun size**: 8" x 3 3/4" x 9 3/4" (214 x 98.5 x 249 mm)
- **Mounting method for the control device**: Can be fitted to a panel, snap-in brackets provided
- **Degree of protection provided by the cover**: IP65 (front)
- **Degree of protection of the control device**: PROOF (front)
- **Function**: Manual, automatic, sequential, single, repetitive
- **Application voltage at 60 Hz**: 120 VAC
- **Transformers**: 120 VAC to 24 VAC
- **Inductive amperes**: 12
- **Resistive amperes**: 12
- **Locked rotor amperes**: 26.4
- **Full load amperes**: 10
- **Applied voltage at 60 Hz**: 240 VAC
- **Over-voltage category**: III
- **Overload protection**: B
